Review report and interim consolidated financial statements

For the three-month and six-month periods ended  
30 June 2019

## **Independent Auditor's Report on Review of Interim Financial Information**

To the Shareholders of Siam Wellness Group Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of Siam Wellness Group Public Company Limited and its subsidiaries as at 30 June 2019, the related consolidated statements of comprehensive income for the three-month and six-month periods then ended, the related consolidated statements of changes in shareholders' equity and cash flows for the six-month period then ended, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of Siam Wellness Group Public Company Limited for the same period. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

### **Scope of Review**

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### **Conclusion**

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

### **Emphasis of Matter**

I draw attention to Note 3 to interim financial statements regarding the acquisition of a company by the Company in January 2019. At present, the Company is in the process of assessing the fair value of the identifiable assets acquired and liabilities assumed at the acquisition date. My conclusion is not qualified in respect of this matter.

**1.2 Basis for the preparation of interim financial statements**

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. ### 1.3 Basis of preparation of the interim consolidated financial statements

These interim consolidated financial statements include the financial statements of Siam Wellness Group Public Company Limited and its subsidiaries and have been prepared on the same basis as that applied for the consolidated financial statements for the year ended 31 December 2018 except the change in the composition of the Company as disclosed in Note 3 to interim financial statements.

### 1.4 New financial reporting standards

#### (a) Financial reporting standards that became effective in the current period

During the period, the Company and its subsidiaries have adopted the revised (revised 2018) and new financial reporting standards and interpretations which are effective for fiscal periods beginning on or after 1 January 2019. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards. The adoption of these financial reporting standards does not have any significant impact on the Company's and its subsidiaries' financial statements. However, the new standard involves changes to key principles, which are summarised below:

#### **IFRS 15 Revenue from Contracts with Customers**

IFRS 15 supersedes the following accounting standards together with related interpretations.

|                         |                                                              |
|-------------------------|--------------------------------------------------------------|
| TAS 11 (revised 2017)   | Construction Contracts                                       |
| TAS 18 (revised 2017)   | Revenue                                                      |
| TSIC 31 (revised 2017)  | Revenue - Barter Transactions Involving Advertising Services |
| TFRIC 13 (revised 2017) | Customer Loyalty Programmes                                  |
| TFRIC 15 (revised 2017) | Agreements for the Construction of Real Estate               |
| TFRIC 18 (revised 2017) | Transfers of Assets from Customers                           |

  
นางสาว อรุณรัตน์ อรุณรัตน์

Entities are to apply this standard to all contracts with customers unless those contracts fall within the scope of other standards. The standard establishes a five-step model to account for revenue arising from contracts with customers, with revenue being recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model.

The Company adopted TFRS 15 using the modified retrospective method of adoption of which the cumulative effect is recognised as an adjustment to the retained earnings as at 1 January 2019, and the comparative information was not restated.

The cumulative effect of the change is described in Note 2 to interim financial statements.

**(b) Financial reporting standards that became effective for fiscal years beginning on or after 1 January 2020**

The Federation of Accounting Professions issued a number of new financial reporting standards and interpretations, which are effective for fiscal years beginning on or after 1 January 2020. These new standards involve changes to key principles, which are summarised below.

**Financial reporting standards related to financial instruments**

A set of TFRSs related to financial instruments consists of five accounting standards and interpretations, as follows:

Financial reporting standards:

|        |                                    |
|--------|------------------------------------|
| TFRS 7 | Financial Instruments: Disclosures |
| TFRS 9 | Financial Instruments              |

Accounting standard:

|        |                                     |
|--------|-------------------------------------|
| TAS 32 | Financial Instruments: Presentation |
|--------|-------------------------------------|

Financial Reporting Standard Interpretations:

|          |                                                             |
|----------|-------------------------------------------------------------|
| TFRIC 16 | Hedges of a Net Investment in a Foreign Operation           |
| TFRIC 19 | Extinguishing Financial Liabilities with Equity Instruments |

*[Handwritten signature]*

อ. วัฒนกุล

These TFRSs related to financial instruments make stipulations relating to the classification of financial instruments and their measurement at fair value or amortised cost (taking into account the type of instrument, the characteristics of the contractual cash flows and the Company's business model), calculation of impairment using the expected credit loss method, and hedge accounting. These include stipulations regarding the presentation and disclosure of financial instruments. When the TFRSs related to financial instruments are effective, some accounting standards, interpretations and guidance which are currently effective will be cancelled.

The management of the Company and its subsidiaries is currently evaluating the impact of these standards to the financial statements in the year when they are adopted.

#### **TFRS 16 Leases**

TFRS 16 supersedes TAS 17 Leases together with related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases, and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is low value.

Accounting by lessors under TFRS 16 is substantially unchanged from TAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles to those used under TAS 17.

The management of the Company and its subsidiaries is currently evaluating the impact of this standard on the financial statements in the year when it is adopted.

### **1.5 Significant accounting policies**

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2018, except for the change in the accounting policies due to the adoption of TFRS 15, *Revenue from Contracts with Customers*, and with the additional policies adopted, as follows:

#### ***Initial fee from franchise agreement***

Initial fee from franchise agreement is recognised throughout the period of the agreement.

**Employee benefits****Post-employment benefits***Defined benefit plans*

Past service costs are recognised in profit or loss on the earlier of the date of the plan amendment or curtailment and the date that the Company and its subsidiaries recognised restructuring - related costs.

**2. Cumulative effects of changes in accounting policies due to the adoption of new financial reporting standard**

As described in Note 1.4 to interim financial statements, during the current period, the Company and its subsidiaries have adopted TFRS 15 using the modified retrospective method of adoption. The cumulative effect of initially applying TFRS 15 is recognised as an adjustment to retained earnings as at 1 January 2019. Therefore, the comparative information was not restated.

The effect of the changes in accounting policies due to the adoption of TFRS 15 on the beginning balance of retained earnings for 2019 comprises:

|                                                  | (Unit: Million Baht)                              |
