# Independent Auditor's Report

To the Shareholders of Siam Wellness Group Public Company Limited

# **Opinion**

I have audited the accompanying consolidated financial statements of Siam Wellness Group Public Company Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 31 December 2023, and the related consolidated statements of comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies, and have also audited the separate financial statements of Siam Wellness Group Public Company Limited for the same period.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Siam Wellness Group Public Company Limited and its subsidiaries and of Siam Wellness Group Public Company Limited as at 31 December 2023, their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

# **Basis for Opinion**

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Group in accordance with the *Code of Ethics for Professional Accountants including Independence Standards* issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### **Key Audit Matter**

Key audit matter is the matter that, in my professional judgement, was of most significance in my audit of the financial statements of the current period. This matter was addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on this matter.

I have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report, including in relation to this matter. Accordingly, my audit included the performance of procedures designed to respond to my assessment of the risks of material misstatement of the financial statements. The results of my audit procedures, including the procedures performed to address the matter below, provide the basis for my audit opinion on the accompanying financial statements as a whole.

Key audit matters and how audit procedures respond to each matter are described below.

#### **Revenue from Services**

The revenue from services related to spa business of the Company is the main revenue of the Group, representing 89% of the Group's total revenues for the year 2023. Such revenue is derived from provision of services to a large number of individual customers through a variety of sales channels and many spa branches for the spa business. Therefore, I addressed the occurrence and accuracy of the revenue from services as a key audit matter.

I have examined the revenue recognition of the Company by

- Assessing and testing the Company's internal controls with respect to the revenue cycle
  by making enquiry of responsible executives, gaining an understanding of the controls and
  selecting samples to test the operation of the designed controls and assess whether
  revenue recognition was consistent with the conditions, and whether it was in compliance
  with the Company's policy.
- On a sampling basis, examining supporting documents for actual service transactions occurring during the year and near the end of the accounting period.
- Reviewing credit notes that the Company issued after the period-end.
- Performing analytical procedures on disaggregated data to detect possible irregularities in revenue from services transactions throughout the period.

#### Other Information

Management is responsible for the other information. The other information comprise the information included in annual report of the Group, but does not include the financial statements and my auditor's report thereon. The annual report of the Group is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

When I read the annual report of the Group, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance for correction of the misstatement.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the
entities or business activities within the Group to express an opinion on the consolidated
financial statements. I am responsible for the direction, supervision and performance of
the group audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matter communicated with those charged with governance, I determine that matter that was of most significance in the audit of the financial statements of the current period and is therefore the key audit matter. I describe this matter in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

I am responsible for the audit resulting in this independent auditor's report.

# Siam Wellness Group Public Company Limited and its subsidiaries Notes to consolidated financial statements For the year ended 31 December 2023

#### 1. General information

#### 1.1 General information of the Company

Siam Wellness Group Public Company Limited ("the Company") was incorporated as limited company under the laws of Thailand on 28 November 2001. The Company operates in Thailand and principally engages in spa services business. Its registered head office is at No. 565, 567 B.U. Place Building, 22nd Floor, Soi Suthiporn, Pracha-Songkroh Road, Dindang, Dindang, Bangkok. As at 31 December 2023, the Company has a total of 70 branches in Bangkok and upcountry (2022: 68 branches) and 2 foreign branches according to the franchise agreement (2022: 2 foreign branches).

The Company registered in the Stock Exchange of Thailand on 31 October 2014 and its common shares had been approved to be listed in the MAI (MAI: Market of Alternative Investment).

# 2. Basis of preparation

2.1 The financial statements have been prepared in accordance with Thai Financial Reporting Standards enunciated under the Accounting Professions Act B.E. 2547 and their presentation has been made in compliance with the stipulations of the Notification of the Department of Business Development, issued under the Accounting Act B.E. 2543.

The financial statements in Thai language are the official statutory financial statements of the Company. The financial statements in English language have been translated from the Thai language financial statements.

The financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

#### 2.2 Basis of consolidation

a) The consolidated financial statements include the financial statements of Siam Wellness Group Public Company Limited ("the Company") and the following subsidiary companies ("the subsidiaries"):

		Country of	Percentage of		
Company's name	Nature of business	incorporation	orporation shareholding		
Hold by the Company	-		2023 (Percent)	2022 (Percent)	
Held by the Company Siam Wellness Resort Co., Ltd.	Hotel and restaurant operations	Thailand	99.99	99.99	
Siam Wellness Lab Co., Ltd.	Manufacturing and distributing spa products	Thailand	99.99	99.99	
Siam Wellness Education Co., Ltd.	A school for Thai massage	Thailand	99.97	99.97	
Siam Wellness Group (Hong Kong) Co., Ltd.	Investment for overseas expansion of the spa business	Hong Kong	100.00	100.00	
Held by subsidiaries Tiger Eyes Trading (Thailand) Co., Ltd. (Held by Siam Wellness Lab Co., Ltd. 99.99 percent)	Import and sale of spa products	Thailand	99.99	99.99	
Shanghai Jia Tai Health Management Co., Ltd. (Held by Siam Wellness Group (Hong Kong) Co., Ltd. 100.00 percent)	Nutritional health and beauty consulting and management service	China	100.00	100.00	

- b) The Company is deemed to have control over an investee or subsidiaries if it has rights, or is exposed, to variable returns from its involvement with the investee, and it has the ability to direct the activities that affect the amount of its returns.
- c) Subsidiaries are fully consolidated, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases.
- d) The financial statements of the subsidiaries are prepared using the same significant accounting policies as the Company.
- e) Material balances and transactions between the Group have been eliminated from the consolidated financial statements.

- f) Non-controlling interests represent the portion of profit or loss and net assets of the subsidiaries that are not held by the Company and are presented separately in the consolidated profit or loss and within equity in the consolidated statement of financial position.
- 2.3 The separate financial statements present investments in subsidiaries under the cost method.

# 3. New financial reporting standards

# 3.1 Financial reporting standards that became effective in the current year

During the year, the Group has adopted the revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2023. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the Group's financial statements.

# 3.2 Financial reporting standards that became effective for fiscal years beginning on or after 1 January 2024

The Federation of Accounting Professions issued a number of revised financial reporting standards, which are effective for fiscal years beginning on or after 1 January 2024. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The management of the Group believes that adoption of these amendments will not have any significant impact on the Group's financial statements.

# 4. Significant accounting policies

# 4.1 Revenue and expense recognition

# a) Revenues from contracts with customers

The Group accounts for a contract with a customer when it has entered into an agreement between counter parties that creates enforceable rights and obligations. The Group has to identify its performance obligations and allocate a transaction price to each obligation on an appropriate basis.

SIAM
SIAM
WELLNESS
3
USEN REPUBLICATION (LIKTER)
RAM WELLNESS GROUP PLENCE COMPANY LIMITED

Revenue from contracts with customers is recognised when control of the goods or services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services, net of value added tax ("VAT"). Depending on the terms of the contract and the laws that apply to the contract, control of the asset may be transferred over time or at a point in time.

Detail of revenue recognition of the Group are as follows:

#### Revenue from spa service

Spa service revenue is recognised at a point in time upon completion of the service.

#### Revenue from franchise agreement

Initial fee from franchise agreement is recognised throughout the period of the agreement. In addition, monthly revenue sharing is recognised in the amount to which the Company has a right to invoice as it corresponds directly with the franchisee's revenues in accordance with the substance of the relevant franchise agreement.

Revenue from other services that the control of services are transferred to customers at a point in time

The Group recognises revenue from other services that the contract of services are transferred to customers at a point in time upon completion of the services.

# Revenue from services and revenue from sales - Customer loyalty programmes

The Group operates a loyalty program which allows customers to accumulate points when they use the services or purchase products from the Group. The points can then be redeemed for discount of services or products purchase in the future. Certain sales consideration is allocated to the points issued, at their fair value. The fair value of the points issued is deferred and recognised as revenue when the points are redeemed and the Group fulfill their obligations.

#### Revenue from sale

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. Revenue is measured at the amount of the consideration received or receivable, excluding value added tax, of goods supplied after deducting returns, discounts, allowances and price promotions to customers.

SIAM WELLINESS

GROUP

USUM HELLINESS GROUP PUBLIC COMMONT LIMITED

#### b) Interest income

Interest income is calculated using the effective interest method and recognised on an accrual basis. The effective interest rate is applied to the gross carrying amount of a financial asset, unless the financial assets subsequently become credit-impaired when it is applied to the net carrying amount of the financial asset (net of the expected credit loss allowance).

#### c) Finance cost

Interest expense from financial liabilities at amortised cost is calculated using the effective interest method and recognised on an accrual basis.

#### d) Other expenses

Other expenses are recognised on an accrual basis.

#### e) Dividend income

Dividend income is recognised when the right to receive the dividends is established.

# 4.2 Cost to fulfill a contract with customer

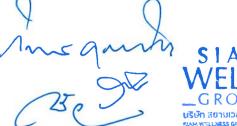

The Group recognises costs that relate to satisfied performance obligations in the contract in profit or loss when incurred except that the Group can identify that the costs relate directly to a contract or to an anticipated contract that the Group can specifically identify, the costs generate or enhance resources of the Group that will be used in satisfying performance obligations in the future, and the costs are expected to be recovered. Therefore, the Group recognises an asset from the costs incurred to fulfil a contract and amortised to expenses on a systematic basis that is consistent with the pattern of revenue recognition. An allowance for loss on impairment of assets is recognised to the extent that the carrying amount of assets exceeds the remaining amount of consideration that the entity expects to receive less direct costs.

#### 4.3 Balances of contracts with customers

#### **Contract assets**

# Trade receivables

Trade receivables are stated at the net realisable value. Allowance for doubtful accounts is provided for the estimated losses that may be incurred in collection of receivables. The allowance is generally based on collection experience and analysis of debt aging.

Ę

บริษัท สยามเวลเนสกรีบ์ จำกัด (มหายน ของพระบระรร จะจงจายแนว เจลเลย ระยะป

# **Contract liabilities**

#### Advance received from customers

The Group recognises a contract liability when the billings to date exceed the cumulative revenue earned which presented under the caption of "Advance received from customers" in the statements of financial position and the Group has an obligation to transfer goods or services to a customer. Contract liabilities are recognised as revenue when the Group fulfils their performance obligations under the contracts.

# 4.4 Cash and cash equivalents

Cash and cash equivalents consist of cash in hand and at banks, due cheques which are not yet deposited and all highly liquid investments with an original maturity of three months or less and not subject to withdrawal restrictions.

#### 4.5 Inventories

Inventories are valued at the lower of cost under the first-in, first-out method and net realisable value.

# 4.6 Investments in subsidiaries and joint venture

Investments in subsidiaries are accounted for in the separate financial statements using the cost method.

Investment in joint venture is accounted for in the consolidated financial statements using the equity method.

#### 4.7 Property, plant and equipment/Depreciation

Land is stated at revalued amount. Buildings and equipment are stated at cost less accumulated depreciation and allowance for loss on impairment of assets (if any).

Land is initially recorded at cost on the acquisition date, and subsequently revalued by an independent professional appraiser to its fair value. Revaluations are made with sufficient regularity to ensure that the carrying amount does not differ materially from fair value at the end of reporting period.

SIAM
SIAM
WELLINESS

— GROUP

USUM RETURNISHING UNTITUE

SAM WELLINESS GROUP PUBLIC COMPARY LEMISH

SAM WELLINE

6

Differences arising from the revaluation are dealt with in the financial statements as follows:

- When an asset's carrying amount is increased as a result of a revaluation of the Group's assets, the increase is credited directly to the other comprehensive income and the cumulative increase is recognised in equity under the heading of "Surplus on revaluation of assets". However, a revaluation increase is recognised as income to the extent that it reverses a revaluation decrease in respect of the same asset previously recognised as an expense.
- When an asset's carrying amount is decreased as a result of a revaluation of the Group's assets, the decrease is recognised in profit or loss. However, the revaluation decrease is charged to the other comprehensive income to the extent that it does not exceed an amount already held in "Surplus on revaluation of assets" in respect of the same asset.

Depreciation of plant and equipment is calculated by reference to their costs on the straightline basis over the following estimated useful lives:

Land improvement - 5 years

Buildings and building on rental land - 20 years and a period of lease

Buildings improvement - 5 and 20 years and a period of lease

Furniture, fixtures and office equipment - 5 years

Motor vehicles - 5 years

Depreciation is included in determining income.

No depreciation is provided on land and assets under installation.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on disposal of an asset is included in profit or loss when the asset is derecognised.

# 4.8 Intangible assets

Intangible intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses (if any).

Intangible assets with finite lives are amortised on a systematic basis over the economic useful life and tested for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method of such intangible assets are reviewed at least at each financial year end. The amortisation expense is charged to profit or loss.

SIAM WELLINESS

— GROUP

USUM AUTUDALILANSU STRÃO (SUMERO)

EMA WELLINESS GROUP PUBLIC COLERANT LIMITÉS

A summary of the intangible assets with finite useful lives is as follows:

Useful lives

Licenses

5 and 10 years

Trademark

10 years

Computer software

5 and 10 years

#### 4.9 Goodwill

Goodwill is initially recorded at cost, which equals to the excess of cost of business combination over the fair value of the net assets acquired. If the fair value of the net assets acquired exceeds the cost of business combination, the excess is immediately recognised as gain in profit or loss.

Goodwill is carried at cost less any accumulated impairment losses. Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the Company's cash generating units (or group of cash-generating units) that are expected to benefit from the synergies of the combination. The Company estimates the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in profit or loss. Impairment losses relating to goodwill cannot be reversed in future periods.

The recoverable amount of each cash generating unit is determined based on a value-in-use calculation, using cash flow projections extracted from financial budgets approved by the management. The cash flow projections based on key assumptions regarding revenue growth rates and discount rates.

#### 4.10 Leases

At inception of contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

inne gunde

SIAM WELLINESS

\_GROUP\_
usun aeruisaiuansu sinin (ukrisu)

#### The Group as a lessee

The Group applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. At the commencement date of the lease (i.e. the date the underlying asset is available for use), the Group recognises right-of-use assets representing the right to use underlying assets and lease liabilities based on lease payments.

#### Right-of-use assets

Right-of-use assets are measured at cost, less accumulated depreciation, any accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities initially recognised, initial direct costs incurred, lease payments made at or before the commencement date of the lease, and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

Depreciation of right-of-use assets are calculated by reference to their costs, on the straight-line basis over the shorter of their estimated useful lives and the lease term.

Land and land improvement

4 - 24 years

Buildings and building improvement

2 - 12 years

3

Furniture, fixtures and office equipment

years

If ownership of the leased asset is transferred to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

#### Lease liabilities

Lease liabilities are measured at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be payable under residual value guarantees. Moreover, the lease payments include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising an option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

The Group discounts the present value of the lease payments by the interest rate implicit in the lease or the Group's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

#### Short-term leases and leases of low-value assets

A lease that has a lease term less than or equal to 12 months from commencement date or a lease of low-value assets is recognised as expenses on a straight-line basis over the lease term.

# The Group as a lessor

A lease that transfers substantially all the risks and rewards incidental to ownership of an underlying asset to a lessee is classified as finance leases. As at the commencement date, an asset held under a finance lease is recognised as a receivable at an amount equal to the net investment in the lease or the present value of the lease payments receivable and any unguaranteed residual value. Subsequently, finance income is recognised over the lease term to reflect a constant periodic rate of return on the net investment in the lease.

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset to a lessee. Lease receivables from operating leases is recognised as income in profit or loss on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying assets and recognised as an expense over the lease term on the same basis as the lease income.

# 4.11 Related party transactions

Related parties comprise individuals or enterprises that control, or are controlled by, the Group, whether directly or indirectly, or which are under common control with the Group.

They also include associated companies and individuals or enterprises which directly or indirectly own a voting interest in the Group that gives them significant influence over the Group, key management personnel, directors, and officers with authority in the planning and direction of the Group's operations.

# 4.12 Foreign currencies

The consolidated and separate financial statements are presented in Baht, which is also the Company's functional currency.

Transactions in foreign currencies are translated into Baht at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Baht at the exchange rate ruling at the end of reporting period.

Gains and losses on exchange are included in determining income.

# 4.13 Impairment of non-financial assets

At the end of each reporting period, the Group performs impairment reviews in respect of the property, plant and equipment, right-of-use asset, and other intangible assets whenever events or changes in circumstances indicate that an asset may be impaired. The Group also carries out annual impairment reviews in respect of goodwill. An impairment loss is recognised when the recoverable amount of an asset, which is the higher of the asset's fair value less costs to sell and its value in use, is less than the carrying amount. In determining value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by a valuation model that, based on information available, reflects the amount that the Group could obtain from the disposal of the asset in an arm's length transaction between knowledgeable, willing parties, after deducting the costs of disposal.

An impairment loss is recognised in profit or loss. However, in cases where property, plant and equipment were previously revalued and the revaluation was taken to equity, a part of such impairment is recognised in equity up to the amount of the previous revaluation.

In the assessment of asset impairment (except for goodwill), if there is any indication that previously recognised impairment losses may no longer exist or may have decreased, the Group estimates the asset's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The increased carrying amount of the asset attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at a revalued amount, in which case the reversal, which exceeds the carrying amount that would have been determined, is treated as a revaluation increase.

BAM WILLIAMS GROUP PUBLIK COM

BAN WILLI

# 4.14 Employee benefits

# Short-term employee benefits

Salaries, wages, bonuses and contributions to the social security fund are recognised as expenses when incurred.

# Post-employment benefits

Defined contribution plans

The Company and its employees have jointly established a provident fund. The fund is monthly contributed by employees and by the Company. The fund's assets are held in a separate trust fund and the Company's contributions are recognised as expenses when incurred.

Defined benefit plans

The Group has obligations in respect of the severance payments it must make to employees upon retirement under labor law. The Group treats these severance payment obligations as a defined benefit plan.

The obligation under the defined benefit plan is determined by a professionally qualified independent actuary based on actuarial techniques, using the projected unit credit method.

Actuarial gains and losses arising from defined benefit plans are recognised immediately in other comprehensive income.

Past service costs are recognised in profit or loss on the earlier of the date of the plan amendment or curtailment and the date that the Group recognises restructuring-related costs.

#### 4.15 Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

# 4.16 Income tax

Income tax expense represents the sum of corporate income tax currently payable and deferred tax.

#### Current tax

Current income tax is provided in the accounts at the amount expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

SIAM 12
WELLNESS

—GROUP

USUN REPUBLIC COMPANY LIMITED

#### Deferred tax

Deferred income tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the end of each reporting period, using the tax rates enacted at the end of the reporting period.

The Group recognised deferred tax liabilities for all taxable temporary differences while they recognised deferred tax assets for all deductible temporary differences and tax losses carried forward to the extent that it is probable that future taxable profit will be available against which such deductible temporary differences and tax losses carried forward can be utilised.

At each reporting date, the Group reviews and reduces the carrying amount of deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

The Group records deferred tax directly to shareholders' equity if the tax relates to items that are recorded directly to shareholders' equity.

#### 4.17 Financial instruments

The Group initially measures financial assets at its fair value plus, in the case of financial assets that are not measured at fair value through profit or loss, transaction costs. However, trade receivables, that do not contain a significant financing are measured at the transaction price as disclosed in the accounting policy relating to revenue recognition.

#### Classification and measurement of financial assets

Financial assets are classified, at initial recognition, as to be subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI"), or fair value through profit or loss ("FVTPL"). The classification of financial assets at initial recognition is driven by the Group's business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

# Financial assets at amortised cost

The Group measures financial assets at amortised cost if the financial asset is held in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate ("EIR") method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

SIAM
WELLINESS

—GROUP

UBITA BENUDANUAN JUNTUS

BIM WELLINESS GROUP PUBLIC COMMANY LIMITED

13

#### Financial assets at FVTPL

Financial assets measured at FVTPL are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

#### Classification and measurement of financial liabilities

Except for derivative liabilities, at initial recognition the Group's financial liabilities are recognised at fair value net of transaction costs and classified as liabilities to be subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. In determining amortised cost, the Group takes into account any fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in profit or loss.

# **Derecognition of financial instruments**

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or have been transferred and either the Group has transferred substantially all the risks and rewards of the asset, or the Group has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

# Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

SIAM WELLNESS

GROUP

USUM REPUISAINANŞU STATO (UNTUU)

BUM WELLESS GROUP PUBLIK COMPANY UNTUE)

14

For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure (a lifetime ECL).

The Group considers a significant increase in credit risk to have occurred when contractual payments are more than 30 days past due and considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to have a significant increase in credit risk and to be in default using other internal or external information, such as credit rating of issuers.

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

ECLs are calculated based on its historical credit loss experience and adjusted for forward-looking factors specific to the debtors and the economic environment.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

#### 4.18 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyer and seller (market participants) at the measurement date. The Group applies a quoted market price in an active market to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards. Except in case of no active market of an identical asset or liability or when a quoted market price is not available, the Group measures fair value using valuation technique that are appropriate in the circumstances and maximises the use of relevant observable inputs related to assets and liabilities that are required to be measured at fair value.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into three levels based on categorise of input to be used in fair value measurement as follows:

Level 1 - Use of quoted market prices in an active market for such assets or liabilities

Level 2 - Use of other observable inputs for such assets or liabilities, whether directly or indirectly

Level 3 - Use of unobservable inputs such as estimates of future cash flows

SIAM
WELLNESS

GROUP

USIGN REPUID BILL COMPANY LIMITED

SAM WELLNESS GROUP PUBLIC COMPANY LIMITED

At the end of each reporting period, the Group determines whether transfers have occurred between levels within the fair value hierarchy for assets and liabilities held at the end of the reporting period that are measured at fair value on a recurring basis.

# 5. Significant accounting judgements and estimates

The preparation of financial statements in conformity with financial reporting standards at times requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures; and actual results could differ from these estimates. Significant judgements and estimates are as follows:

# 5.1 Unearned revenue from a customer loyalty program

The Group has launched a customer loyalty program for registered members, under which the customers earn points when using services or making purchases at the specified amount. The points can be redeemed for goods or services. The Group estimates standalone selling price of the option by allocating the transaction price to the performance obligations by reference to the price of goods expected to be provided to the customers if the customers exercise the option, adjusted for the likelihood that the customers would exercise the option. This requires management to make subjective judgements.

#### 5.2 Leases

# Determining the lease term with extension and termination options - The Group as a lessee

In determining the lease term, the management is required to exercise judgement in assessing whether the Group is reasonably certain to exercise the option to extend or terminate the lease considering all relevant facts and circumstances that create an economic incentive for the Group to exercise either the extension or termination option.

# Estimating the incremental borrowing rate - The Group as a lessee

The Group cannot readily determine the interest rate implicit in the lease, therefore, the management is required to exercise judgement in estimating its incremental borrowing rate to discount lease liabilities. The incremental borrowing rate is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

# Lease classification - The Group as lessor

In determining whether a lease is to be classified as an operating lease or finance lease, the management is required to exercise judgement as to whether significant risk and rewards of ownership of the leased asset has been transferred, taking into consideration terms and conditions of the arrangement.

# 5.3 Allowance for expected credit losses of trade receivables

In determining an allowance for expected credit losses of trade receivables, the management needs to make judgement and estimates based upon, among other things, past collection history, aging profile of outstanding debts and the forecast economic condition for groupings of various customer segments with similar credit risks. The Group's historical credit loss experience and forecast economic conditions may also not be representative of whether a customer will actually default in the future.

#### 5.4 Fair value of financial instruments

In determining the fair value of financial instruments recognised in the statement of financial position that are not actively traded and for which quoted market prices are not readily available, the management exercises judgement, using a variety of valuation techniques and models. The input to these models is taken from observable markets, and includes consideration of credit risk, liquidity, correlation and longer-term volatility of financial instruments. Change in assumptions about these factors could affect the fair value recognised in the statement of financial position and disclosures of fair value hierarchy.

# 5.5 Non-consolidation of the Group in which the subsidiary's shareholding is more than half of the total shares

Even though the subsidiary hold shares and voting rights in the joint venture, which are more than half (as described in Note 12 to the consolidated financial statements) the subsidiary entered into shareholder agreement to incorporate this joint venture. The agreement stipulates that key matters, as defined in the agreement, must be approved by at least one member appointed by each venturer in writing. The Group decided that they have no control over this joint venture. As a result, the Group classified this investment as "Investment in joint venture" and not to be included in the consolidated financial statements.

me gant

\$ I A M
WELLNESS
GROUP
บริษัท สยามเวลเนสกรุ๊ป จำกัด (บหาชน)

# 5.6 Property plant and equipment/Depreciation

In determining depreciation of plant and equipment, the management is required to make estimates of the useful lives and residual values of the plant and equipment and to review estimate useful lives and residual values when there are any changes.

The Group measures land at revalued amounts. Such amounts are determined by the independent value using the comparable market approach.

In addition, the management is required to review property, plant and equipment for impairment on a periodical basis and record impairment losses when it is determined that their recoverable amount is lower than the carrying amount. This requires judgements regarding forecast of future revenues and expenses relating to the assets subject to the review.

# 5.7 Goodwill and intangible assets

The initial recognition and measurement of goodwill and intangible assets, and subsequent impairment testing, require management to make estimates of cash flows to be generated by the asset or the cash generating units and to choose a suitable discount rate in order to calculate the present value of those cash flows.

# 5.8 Deferred tax assets

Deferred tax assets are recognised for deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the temporary differences and losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of estimate future taxable profits.

#### 5.9 Allowance for impairment of non-financial assets

In determining allowance for impairment of a non-financial asset, the management is required to exercise judgements regarding determination of the recoverable amount of the asset, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs of disposing of the asset. The value in use calculation is based on a discounted cash flow model. The recoverable amount is sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to property, plant and equipment, right-of-use assets and goodwill recognised by the Group. The key assumptions used to determine the recoverable

amount, including a sensitivity analysis, are disclosed and further explained in Notes 13 and 14 to the consolidated financial statements.

# 5.10 Post-employment benefits under defined benefit plans

The obligation under the defined benefit is determined based on actuarial techniques. Such determination is made based on various assumptions, including discount rate, future salary increase rate, mortality rate and staff turnover rate.

# 6. Related party transactions

#### 9. Share return receivables

On 17 December 2018, the meeting of the Company's Board of Directors No. 7/2018 passed the resolutions approving the acquisition of 349,600 ordinary shares of Chaba Elegance Co., Ltd. which principally engaged in nails polish, hand and foot spa, and eyelash extension business, or 76% of total share capital, in order to beneficially expand the Company's current business. This investment acquisition was approximately amounting to Baht 125 million. The Company made partial payment for the shares totalling Baht 93.75 million during the first and second quarter of 2019. The Company had the remaining amount of the shares totaling Baht 31.25 million. The Company received shares of Chaba Elegance Co., Ltd. from the former shareholders on 1 January 2019.

Later, on 4 October 2019, the meeting of the Company's Board of Directors No. 7/2019 passed a resolution approving the cancellation of investment in Chaba Elegance Co., Ltd. since such business needs a high expertise and competency level, resulting in the slowing down of the business expansion which does not follow the Company's objective. The Company entered into the separation agreement for the investment in Chaba Elegance Co., Ltd. with the former shareholders on 6 October 2019.

Under the separation agreement, the former shareholders agreed to cancel the remaining amount of shares totaling Baht 31.25 million that the Company has not yet paid according to the share purchase agreement and the former shareholders agreed to return the Company amount of Baht 93.75 million that the former shareholders received to the Company in 8 installments i.e., within 2019 totaling Baht 43.75 million, within 2020 totaling Baht 35 million, and within 2021 totaling 15 million. The former shareholders agreed to pay the Company with

8 advance dated cheques with amounts and at due dates specified in the separation agreement.

Subsequently, the Company could not draw the money from the cheques which were due on 30 June 2020, 30 September 2020, 31 December 2020, 31 March 2021, and 30 June 2021 totaling Baht 45 million (cheques No. 4 to No. 8). The management of the Company has followed up and filed a lawsuit against the former shareholders for these five cheques that cannot be drawn on August 2020, October 2020, January 2021, May 2021, and July 2021 respectively, both for criminal cases and civil suit. The former shareholders informed that they are in the process of arranging their assets and following procedures in order to pay for such amounts due to the Company. The progress of these cases are summarised below.

#### Criminal cases

For cheque No. 4 (Baht 10 million), the defendants lost the case as per the judgment of the Court of First Instance in January 2022. Currently, the case is under consideration by the Appeal Court. However, on 2 May 2023, the defendants made a payment of Baht 3.5 million into the Court. Consequently, the Court issued an order demanding the defendants to make the remaining payments of Baht 6.5 million, with at least Baht 0.5 million per month until fully paid, starting from the end of May 2023 and concluding by the end of the year 2023. However, the defendants only made a single payment of Baht 0.5 million on 27 July 2023. This resulted in a total payment of Baht 4 million by the defendants, leaving a balance of Baht 6 million. Subsequently, on 31 July 2023, the defendants wishes to make a confession. Therefore, the Court of First Instance must send the documents, along with the testimony and the judgment envelope, back to the Appeal Court for further consideration. The Appeal Court is schedule to pronounce the judgment on 5 March 2024.

For the cheques No.5 to No.8 (Baht 35 million), the Court allowed the consolidation of cases, with the Court of First Instance rendering judgments against the defendants in June 2022. Currently, these cases are consideration by the Appeal Court. However, before the scheduled pronouncement of the judgment, the defendants made a payment of Baht 5 million into the Court to settle cheque No.8. Consequently, the Appeal Court postponed the pronouncement of judgment. On 28 April 2023, the Company requested the Court to disburse the payment of Baht 5 million, which the Company received on 16 May 2023. On 31 January 2024, the defendants made a payment of Baht 10 million into the Court to settle cheque No.5. Subsequently, the Company requested the Court to disburse this payment, and it was received on 7 February 2024. This leaves an outstanding amount of Baht 20 million for cheques No. 6 and 7, which the Company is expecting to receive. At present, the cases are under consideration by the Appeal Court.

#### Civil case

On 12 May 2023, the defendants lost the case relating to cheques No.4 to No.8, as per the judgment of the Court of First Instance. Subsequently, the defendants filed an appeal with the Court. However, the defendants failed to pay the court fees. Consequently, the Court ruled not to accept the appeal, and the judgment was finalised. At present, the case is in the process of enforcement.

The management of the Company considers that the former shareholders have an ability to pay for such share returns to the Company in full amount. As of 31 December 2023, the Company expected the amount to be received within one year amounting to Baht 26 million. Subsequent to the end of the period, the Company received a partial payment of Baht 10 million for Cheque No. 5, as stated above.

The movement of share return receivables from the former shareholders for the year ended 31 December 2023 are as detailed below.

(Unit: Thousand Baht) Consolidated and Separate financial statements Net book value as at 1 January 2023 40.034 Decrease from allowance for expected credit loss (212)during the year (5,000)Decrease from repayment during the year 34,822 Share return receivables as at 31 December 2023 Less: Current portion (26, 295)Share return receivables - net of current portion 8,527

During the current year, the Group reduced cost of inventories by Baht 2.6 million (2022: Baht 2.3 million) (The Company only: Baht 0.9 million (2022: Baht 0.5 million)), to reflect the net realisable value. This was included in cost of sales. In addition, the Group reversed the writedown of cost of inventories by Baht 2.2 million (2022: Baht 8.1 million) (The Company only: Baht 0.9 million (2022: Baht 6.3 million)), and reduced the amount of inventories recognised as expenses during the year.

#### 11. Investments in subsidiaries

Details of investments in subsidiaries as presented in the separate financial statements as at 31 December 2023 and 2022 are as follows:

On 10 November 2023, the Board of Directors of the Company passed a resolution to dissolve Tiger Eyes Trading (Thailand) Company Limited (a subsidiary) and transfer its entire business to Siam Wellness Lab Company Limited (a subsidiary) (Entire Business Transfer). The transfer is intended to enhance the business operations and reduce associated costs. The transfer process is currently underway. The entire business transfer is not expected to have any impact on the Company's consolidated financial statements.

#### 12. Investment in joint venture

#### 12.1 Details of investment in joint venture

Investment in joint venture represents investment in entity which is jointly controlled by a subsidiary and another company. Details of the investment as at 31 December 2023 and 2022 is as follows:

							(Unit: The	usand Baht)
				Co	onsolidated finar	ncial statement	s

Profit (loss) per share (Baht/share)	0.388	(0.103)	0.358	(0.115)			

#### 25. Segment information

Operating segment information is reported in a manner consistent with the internal reports that are regularly reviewed by the chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance. The chief operating decision maker has been identified as the Company's Board of Directors.

For management purposes, the Group is organised into business units based on its products and services and have three reportable segments as follows:

- Spa services, which operates day spa and destination spa. Also, provides spa management and spa consultancy services.

- Sales of spa products and healthy products, which distributes natural spa products both and spa equipment for domestic and international market.
- Hotel and restaurant, which operates boutique resort and restaurant.

No operating segments have been aggregated to form the above reportable operating segments.

The chief operating decision maker monitors the operating results of the business units separately for the purpose of making decisions about resource allocation and assessing performance. Segment performance is measured based on operating profit or loss and total assets and on a basis consistent with that used to measure operating profit or loss and total assets in the financial statements.

The basis of accounting for any transactions between reportable segments is consistent with that for third party transactions.

The following tables present revenue and profit information regarding the Group's operating segments for the years ended 31 December 2023 and 2022, respectively.

#### 27.3 Guarantees

- (1) The Company has guaranteed bank credit facilities of its subsidiaries as described in Note 17 to the consolidated financial statements.
- (2) As at 31 December 2023, there were outstanding bank guarantees of Baht 8.2 million (2022: Baht 1.7 million) (The Company only: Baht 5.2 million (2022: Baht 0.1 million)) issued by the banks on behalf of the Group as required in the normal course of business.

## 28. Fair value hierarchy

As at 31 December 2023 and 2022, the Company had the assets that were measured at fair value using different levels of inputs as follows:

(Unit: Million Baht)

Consolidated financial statement					
31 December 2023					
Level 1	Level 2	Level 3	Total		
12	322	-	322		
~	2	-	2		
_	200	-	200

		2 - 200	31 December 2023  Level 1		

(Unit: Million Baht)

	31 December 2023					
	Level 1	Level 2	Level 3	Total		
Assets measured at fair value						
Lands	_	322	-	322		
Liabilities disclosed fair value						
Loans from a related party - fixed						
interest rate	-	200	*	200		

(Unit: Million Baht)

## Consolidated financial statement

	31 December 2022						
	Level 1	Level 2	Level 3	Total			
Assets measured at fair value							
Lands	-	322	-	322			
Liabilities disclosed fair value							
Loans from financial institution -							
fixed interest rates	-	98	-	98			

(Unit: Million Baht)

	Separate financial statement 31 December 2022						
	Level 1	Level 2	Level 3	Total			
Assets measured at fair value							
Lands	9 <del>4</del> 9	322	-	322			
Liabilities disclosed fair value							
Loans from financial institution -							
fixed interest rates	S=1	79	-	79			

The fair value of lands was revalued using the comparable market approach appraised by an independent professional valuer.

The fair value of long-term loans from financial institutions and from a related party are disclosed in Note 29.2 (c) to the consolidated financial statements.

Am gruby

During the current year, there were no transfers within the fair value hierarchy.

#### 29. Financial instruments

#### 29.1 Financial risk management

The Group's financial instruments, principally comprise cash and cash equivalents, current investments, trade and other receivables, lease receivables, share return receivables, trade and other payables, liabilities under finance lease agreements, and loans. The financial risks associated with these financial instruments and how they are managed is described below.

#### Credit risk

The Group is exposed to credit risk primarily with respect to deposit at financial institutions trade and other receivables and share return receivables. The Group manages the risk by adopting appropriate credit control policies and procedures and therefore does not expect to incur material financial losses. In addition, the Group does not have high concentrations of credit risk since their businesses are sales and services to minor customers. The maximum exposure to credit risk is limited to the carrying amounts of deposit at financial institutions, trade and other receivables, and share return receivables as stated in the statements of financial position.

#### Trade and other receivables

An impairment analysis is performed at each reporting date to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar credit risks. The Group classifies customer segments by customer type and does not hold collateral as security. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### Cash deposits

The credit risk on debt instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

#### Interest rate risk

The Group's exposure to interest rate risk relates primarily to their deposit at financial institutions, loans, and liabilities under lease agreements. Most of the Group's financial assets and liabilities bear floating interest rates or fixed interest rates which are close to the market rate.

SIAM WELLINESS GROUP PUBLIC COMPANY LIMITED TO THE STATE OF THE STATE

As at 31 December 2023 and 2022, significant financial assets and liabilities classified by type of interest rate are summarised in the table below, with those financial assets and liabilities that carry fixed interest rates further classified based on the maturity date, or the repricing date if this occurs before the maturity date.

#### Interest rate sensitivity

The following table demonstrates the sensitivity of the Group's profit before tax to a reasonably possible change in interest rates on that portion of market rate affected as at 31 December 2023 and 2022 with all other variables held constant.

	Consolic	dated and						
	Separate	e financial	Consolidat	ted financial				
	statements		statement		Separate finar	ncial statement		
Currency	Increase	/decrease		Effect on prof		ofit before tax		
	2023	2022	2023	2022	2023	2022		
	(%)	(%)	(Million Baht)	(Million Baht)	(Million Baht)	(Million Baht)		
Baht	0.5	0.5	(0.5)	(2.9)	(0.4)	(2.8)		
	(0.5)	(0.5)	0.5	2.9	0.4	2.8		

The above analysis has been prepared assuming that the amounts loans from and all other variables remain constant over one year. Moreover, the floating legs of these loans are assumed to not yet have set interest rates. As a result, a change in interest rates affects interest payable for the full 12 month period of the sensitivity calculation. This information is not a forecast or prediction of future market conditions and should be used with care.

## Foreign currency risk

The Group's exposure to foreign currency risk arises from deposit at overseas banks, purchase and service transactions that are denominated in foreign currencies. The Group does not expect to incur material losses from the exchange rates as their businesses are sales and services to minor customers. As at 31 December 2023, the Group had no forward contracts outstanding balance.

As at 31 December 2023 and 2022, the balances of financial assets and liabilities denominated in foreign currencies are summarised below.

Foreign currencies	Consolidated financial statements							
Foreign currencies	Financia	al assets	Financial	Financial liabilities		Average exchange rate		
	2023	2022	2023	2022	2023	2022

## Liquidity risk

The Group monitors the risk of a shortage of liquidity through the payment of trade and other payables, loans and lease contracts. Approximately 32% of the Group's debt will mature in less than one year at 31 December 2023 (2022: 25%) (the Company only: 32% (2022: 25%)) based on the carrying value of borrowings reflected in the financial statements. The Group has assessed the concentration of risk with respect to refinancing its debt and the Group's operating, the Group concluded it to be low. The Group has access to a sufficient variety of sources of funding.

The table below summarises the maturity profile of the Group's non-derivative financial liabilities instruments as at 31 December 2023 and 2022 based on contractual undiscounted cash flows:

(Unit: Million Baht)

บริษัท สยามเวลเนสกรุีป จำกัด (มหาชน)

#### 29.2 Fair values of financial instruments

The methods and assumptions used by the Group in estimating the fair value of financial instruments are as follows:

- a) For financial assets and liabilities which have short-term maturity, including cash and deposit at financial institutions, trade and other receivables and trade and other payables, their carrying amounts in the statements of financial position approximate their fair values.
- b) For share return receivables, their carrying amounts in the statements of financial position approximates their fair values.
- c) Future cash flow by the current market interest rate of the loans with similar terms and conditions. As at 31 December 2023 and 2022, fixed rate long-term loans are detailed below.

(Unit: Million Baht)

	Consolidated financial statements				Separate financial statements			
	Carrying amount		Fair value		Carrying amount		Fair value	
	2023	2022	2023	2022	2023	2022	2023	2022
Long-term loans from financial								
institutions - fixed interest rate	2	99	1	98	-	80	-	79
Long-term loans from a related								
party - fixed interest rate	200	-	194	-	200	-	194	-

- d) For long-term loan carrying interest approximate to the market rate, their carrying amounts in the statements of financial position approximates their fair values.
- e) For lease receivables and lease liabilities which their interest rates are close to the market rate, their carrying amounts in the statements of financial position approximate their fair values.

During the current year, there were no transfers within the fair value hierarchy.

## 30. Capital management

The primary objective of the Group's capital management is to ensure that they have appropriate capital structure in order to support their businesses and maximise shareholder value. As at 31 December 2023, the Group's debt-to-equity ratio was 1.19:1 (2022: 3.25:1) and the Company's was 1.24:1 (2022: 3.33:1).

## 31. Events after the reporting period

- 31.1 On 23 February 2024, the Board of Directors of the Company passed a resolution to propose that the Annual General Meeting of shareholders to consider the following resolutions.
  - (1) To consider and approve the payment of a dividend from the Company's operating results for the year 2023 to the Company's shareholders, comprising a cash dividend and stock dividend totaling Baht 0.139 per share, as detailed below:
    - (1.1) A cash dividend of Baht 0.014 per share, or a total of Baht 11.875 million.
    - (1.2) A stock dividend distributed at a rate of 1 dividend share for every 2 existing shares, or a total of Baht 106.875 million. The dividend shall be converted as dividend payment at Baht 0.125 per share.

The payment of dividend shall be made on 17 May 2024.

- (2) To consider and approve the decrease of the registered capital by cancellation of 72 ordinary shares with a par value of Baht 0.25 per share or Baht 18.0 from latest unallocated stock dividend.
- (3) To consider and approve an increase in the Company's registered share capital from Baht 213.75 million to Baht 320.625 million by issuing Baht 106.875 of additional ordinary shares (427.50 million shares of Baht 0.25 each) to support the distribution of the stock dividend.
- 31.2 On 23 February 2024, the Board of Directors of the Company passed a resolution to propose that the Annual General Meeting of Siam Wellness Resort Co., Ltd. (a subsidiary) shareholders to consider the payment of a dividend for the year 2023 amounting to Baht 26.04 per share, or a total of Baht 15.63 million. The dividend payment will be paid within the second quarter of 2024.
- 31.3 On 23 February 2024, the Board of Directors of the Company passed a resolution to propose that the Annual General Meeting of Siam Wellness Lab Co., Ltd. (a subsidiary) shareholders to consider the payment of a dividend for the year 2023 amounting to Baht 152.82 per share, or a total of Baht 15.28 million. The dividend payment will be paid within the second quarter of 2024.
- 31.4 On 23 February 2024, the Board of Directors of the Company passed a resolution to propose that the Annual General Meeting of Siam Wellness Education Co., Ltd. (a subsidiary) shareholders to consider the payment of a dividend for the year 2023 amounting to Baht 701.23 per share, or a total of Baht 7.01 million. The dividend payment will be paid within the second quarter of 2024.
