

Siam Wellness Group Public Company Limited  
and its subsidiaries  
Review report and interim financial information  
For the three-month period ended 31 March 2022

## **Independent Auditor's Report on Review of Interim Financial Information**

To the Shareholders of Siam Wellness Group Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of Siam Wellness Group Public Company Limited and its subsidiaries as at 31 March 2022, and the related consolidated statements of comprehensive income, changes in shareholders' equity and cash flows for the three-month period then ended, as well as the condensed notes to the interim consolidated financial statements. I have also reviewed the separate financial information of Siam Wellness Group Public Company Limited for the same period (collectively "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

### **Scope of Review**

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### **Conclusion**

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

## Emphasis of Matter

I draw attention to Note 1.2 to the interim consolidated financial statements. The business operation of the Group has been affected from the effect of the COVID-19 pandemic in terms of spa and hotel service business. Since the COVID-19 situation has not subsided from 2020 up to the present, the number of customers has yet to return to pre-pandemic levels. This situation is significantly impacting the Group's financial position, operating results, and cash flows at present, and is expected to do so in the future, also the assessment of the financial impact in respect of an uncertainty of the COVID-19 pandemic situation.

As a result of such situation, as at 31 March 2022 the Group had total current liabilities exceeded its total current assets by Baht 140.2 million (the Company only: Baht 193.6 million) and had operating losses for the three-month period ended 31 March 2022 of Baht 57.4 million (the Company only: Baht 61.9 million). The Group had the measures to maintain its cash flow level for debt settlement and for its business operations by negotiation with the lessors to obtain the rental discount for each spa retail store. The Group has also successfully negotiated with its bank to defer loan principal repayments at least by 12 months for most of loan facilities, and seeking source of funds. The Group believes that there will be the adequate cash flows for settlement of liabilities which to be due within one year and for using in its operations. Furthermore, the Group is in the process of implementing a business plan to improve its operations and turn a profit in the future. In addition, the government approve for the relief of COVID-19 pandemic control measures since 1 May 2022 onwards. The Group believes that it will be able to continue its operation as a going concern. However, these circumstances indicate that a material uncertainty exists that may cast significant doubts on the Group's ability to continue its operations as a going concern. This may depend on the outcome of the ability of the Group to achieve its operational plans, and the relief of the COVID-19 pandemic situation in the future.

My conclusion is not modified in respect of this matter.

**1. General information**

**1.1 General information of the Company**

Siam Wellness Group Public Company Limited (“the Company”) was incorporated as limited company under the laws of Thailand on 28 November 2001. The Company operates in Thailand and principally engages in spa services business. Its registered head office is at No. 483, Soi Suthiporn, Pracha-Songkroh Road, Dindang, Dindang, Bangkok. The Company registered in the Stock Exchange of Thailand on 31 October 2014 and its common shares had been approved to be listed in the MAI (MAI: Market of Alternative Investment).

**1.2 Coronavirus disease 2019 Pandemic and fundamental accounting assumptions**

The business operation of the Group has been affected from the effect of the COVID-19 pandemic in terms of spa and hotel service business. Since the COVID-19 situation has not subsided from 2020 up to the present, the number of customers has yet to return to pre-pandemic levels. This situation is significantly impacting the Group’s financial position, operating results, and cash flows at present, and is expected to do so in the future, also the assessment of the financial impact in respect of an uncertainty of the COVID-19 pandemic situation.

As a result of such situation, as at 31 March 2022 the Group had total current liabilities exceeded its total current assets by Baht 140.2 million (the Company only: Baht 193.6 million) and had operating losses for the three-month period ended 31 March 2022 of Baht 57.4 million (the Company only: Baht 61.9 million). Although these circumstances may cast significant doubt on the Group’s ability to continue its business as a going concern, the Group had the measures to maintain its cash flow level for debt settlement and for its business operations by negotiation with the lessors to obtain the rental discount for each spa retail store. In addition, the Group received waiver letters for not complying with such covenants from the bank and has also successfully negotiated with its bank to defer loan principal repayments at least by 12 months for most of loan facilities as discussed in Note 11 to the interim consolidated financial statements, and seeking source of funds. The Group believes

that there will be the adequate cash flows for settlement of liabilities which to be due within one year and for using in its operations. Furthermore, the Group is in the process of implementing a business plan to improve its operations and turn a profit in the future. In addition, the government approve for the relief of COVID-19 pandemic control measures since 1 May 2022 onwards. The Group believes that it will be able to continue its operation as a going concern.

The management believes that it is appropriate to prepare the Group's interim financial statements for the three-month period ended 31 March 2022 based on the assumption that the Group will continue its operations as a going concern.

These interim financial statements should therefore be read in conjunction with the latest annual financial statements.
