- Right of Use Assets is 434.15 million baht or approximately 23% of Total Assets from TFRS16 Adoption in Financial Statements Reporting since 2020

Major events that have a significant effect on the company's financial position or future operations include:

1. The inability of foreign tourists to use the service, which constitutes the main customer group of the company. Consequently, the company has devised a strategy to expand its Thai customer base, as well as attract new foreign customers, in order to mitigate risks.

2. The company places importance on cash flow management in its business operations. It ensures that there is sufficient cash to support ongoing operations and to repay loans when funds are available, thereby reducing the burden of interest."
