Review report and interim consolidated financial statements

For the three-month and six-month periods ended
30 June 2019

Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of Siam Wellness Group Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of Siam Wellness Group Public Company Limited and its subsidiaries as at 30 June 2019, the related consolidated statements of comprehensive income for the three-month and six-month periods then ended, the related consolidated statements of changes in shareholders' equity and cash flows for the six-month period then ended, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of Siam Wellness Group Public Company Limited for the same period. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

Emphasis of Matter

I draw attention to Note 3 to interim financial statements regarding the acquisition of a company by the Company in January 2019. At present, the Company is in the process of assessing the fair value of the identifiable assets acquired and liabilities assumed at the acquisition date. My conclusion is not qualified in respect of this matter.

SIAM WELLNESS GROUP PUBLIC COMPANY LIMITED

Siam Wellness Group Public Company Limited and its subsidiaries
Notes to interim consolidated financial statements
For the three-month and six-month periods ended 30 June 2019

1. General information

1.1 The Company's general information

Siam Wellness Group Public Company Limited ("the Company") was incorporated as limited company under the laws of Thailand on 28 November 2001. The Company operates in Thailand and principally engages in spa services business. Its registered head office is at No. 483, Soi Suthiporn, Pracha-Songkroh Road, Dindang, Dindang, Bangkok. As at 30 June 2019, the Company has a total of 53 branches in Bangkok and upcountry (31 December 2018: 49 branches) and 7 foreign branches according to the franchise agreement (31 December 2018: 6 branches).

The Company registered in the Stock Exchange of Thailand on 31 October 2014 and its common shares had been approved to be listed in the MAI (MAI: Market of Alternative Investment).

1.2 Basis for the preparation of interim financial statements

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

α

1.3 Basis of preparation of the interim consolidated financial statements

These interim consolidated financial statements include the financial statements of Siam Wellness Group Public Company Limited and its subsidiaries and have been prepared on the same basis as that applied for the consolidated financial statements for the year ended 31 December 2018 except the change in the composition of the Company as disclosed in Note 3 to interim financial statements.

1.4 New financial reporting standards

(a) Financial reporting standards that became effective in the current period

During the period, the Company and its subsidiaries have adopted the revised (revised 2018) and new financial reporting standards and interpretations which are effective for fiscal periods beginning on or after 1 January 2019. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards. The adoption of these financial reporting standards does not have any significant impact on the Company's and its subsidiaries' financial statements. However, the new standard involves changes to key principles, which are summarised below:

IFRS 15 Revenue from Contracts with Customers

IFRS 15 supersedes the following accounting standards together with related interpretations.

TAS 11 (revised 2017)	Construction Contracts
TAS 18 (revised 2017)	Revenue
TSIC 31 (revised 2017)	Revenue - Barter Transactions Involving Advertising Services
TFRIC 13 (revised 2017)	Customer Loyalty Programmes
TFRIC 15 (revised 2017)	Agreements for the Construction of Real Estate
TFRIC 18 (revised 2017)	Transfers of Assets from Customers

นางสาว อรุณรัตน์
อ. อรุณรัตน์

Entities are to apply this standard to all contracts with customers unless those contracts fall within the scope of other standards. The standard establishes a five-step model to account for revenue arising from contracts with customers, with revenue being recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model.

The Company adopted TFRS 15 using the modified retrospective method of adoption of which the cumulative effect is recognised as an adjustment to the retained earnings as at 1 January 2019, and the comparative information was not restated.

The cumulative effect of the change is described in Note 2 to interim financial statements.

(b) Financial reporting standards that became effective for fiscal years beginning on or after 1 January 2020

The Federation of Accounting Professions issued a number of new financial reporting standards and interpretations, which are effective for fiscal years beginning on or after 1 January 2020. These new standards involve changes to key principles, which are summarised below.

Financial reporting standards related to financial instruments

A set of TFRSs related to financial instruments consists of five accounting standards and interpretations, as follows:

Financial reporting standards:

TFRS 7	Financial Instruments: Disclosures
TFRS 9	Financial Instruments

Accounting standard:

TAS 32	Financial Instruments: Presentation
--------	-------------------------------------

Financial Reporting Standard Interpretations:

TFRIC 16	Hedges of a Net Investment in a Foreign Operation
TFRIC 19	Extinguishing Financial Liabilities with Equity Instruments

[Handwritten signature]
นางสาววิมล
อ. วัฒนกุล

These TFRSs related to financial instruments make stipulations relating to the classification of financial instruments and their measurement at fair value or amortised cost (taking into account the type of instrument, the characteristics of the contractual cash flows and the Company's business model), calculation of impairment using the expected credit loss method, and hedge accounting. These include stipulations regarding the presentation and disclosure of financial instruments. When the TFRSs related to financial instruments are effective, some accounting standards, interpretations and guidance which are currently effective will be cancelled.

The management of the Company and its subsidiaries is currently evaluating the impact of these standards to the financial statements in the year when they are adopted.

TFRS 16 Leases

TFRS 16 supersedes TAS 17 Leases together with related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases, and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is low value.

Accounting by lessors under TFRS 16 is substantially unchanged from TAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles to those used under TAS 17.

The management of the Company and its subsidiaries is currently evaluating the impact of this standard on the financial statements in the year when it is adopted.

1.5 Significant accounting policies

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2018, except for the change in the accounting policies due to the adoption of TFRS 15, *Revenue from Contracts with Customers*, and with the additional policies adopted, as follows:

Initial fee from franchise agreement

Initial fee from franchise agreement is recognised throughout the period of the agreement.

นางสาววิมล จันทนกุล
α

Employee benefits**Post-employment benefits***Defined benefit plans*

Past service costs are recognised in profit or loss on the earlier of the date of the plan amendment or curtailment and the date that the Company and its subsidiaries recognised restructuring - related costs.

2. Cumulative effects of changes in accounting policies due to the adoption of new financial reporting standard

As described in Note 1.4 to interim financial statements, during the current period, the Company and its subsidiaries have adopted TFRS 15 using the modified retrospective method of adoption. The cumulative effect of initially applying TFRS 15 is recognised as an adjustment to retained earnings as at 1 January 2019. Therefore, the comparative information was not restated.

The effect of the changes in accounting policies due to the adoption of TFRS 15 on the beginning balance of retained earnings for 2019 comprises:

	(Unit: Million Baht)
	Consolidated/ Separate financial statements
Impact on retained earnings as at 1 January 2019

The nature of these adjustments are described below:

Initial fee from franchise agreement - The Company has determined that initial fee should be recognised throughout the period of the agreement from previously fully recognised when the obligations as specified in the agreement were provided.

3. Investment acquisition of Chaba Elegance Co., Ltd.

On 17 December 2018, the meeting of the Company's Board of Directors No. 7/2018 passed the resolutions approving the acquisition of 349,600 ordinary shares of Chaba Elegance Co, Ltd. which principally engaged in nails polish, hand and foot spa, and eyelash extension business, or 76% of total share capital, in order to beneficially expand the Company's current business. This investment acquisition was approximately amounting to Baht 125 million. The Company made partial payment for the shares totalling Baht 93.8 million on 3 January 2019, 5 February 2019 and 2 May 2019. The remaining is due for payment on 30 September 2019. The Company recorded this transaction as "Payable for purchase of investment in a subsidiary" which was under "Trade and other payables" in the statement of financial position.

At present, the Company is in the process of assessing the fair value of the identifiable assets acquired and liabilities assumed at the acquisition date, in order to allocate costs of the business acquisition to the identifiable items. It is to be completed within the period of twelve months from the acquisition date allowed under TFRS 3 (revised 2016) Business Combinations. During the measurement period, if the Company obtains additional information relating to facts and circumstances that existed as of the acquisition date, the Company will adjust the provisional values recognised at the acquisition date, to reflect this new information. As at 30 June 2019, the Company recorded the excess of the consideration transferred for the acquisition of Chaba Elegance Co, Ltd. over its estimated value of interest acquired in its net assets, amounting to Baht 90.4 million under the caption of "Excess of acquisition cost over estimated value of interest acquired in net assets of a subsidiary" in the consolidated statement of financial position.

21. Fair value

The Company and its subsidiaries use the market approach to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards, except that the cost approach or income approach is used when there is no active market or when a quoted market price is not available.

Fair value hierarchy

In applying the above-mentioned valuation techniques, the Company endeavors to use relevant observable inputs as much as possible. TFRS 13 *Fair Value Measurement* establishes a fair value hierarchy categorising such inputs into three levels as follows:

- Level 1 - Use of quoted market prices in an observable active market for such assets or liabilities
- Level 2 - Use of other observable inputs for such assets or liabilities, whether directly or indirectly
- Level 3 - Use of unobservable inputs such as estimates of future cash flows

Valuation techniques and inputs to Level 2 valuation

The fair value of investment in unit trusts has been determined by using the net asset values of the last working day of the reporting period as announced by the asset management company.

The fair value of lands was revalued using the comparable market approach appraised by an independent professional valuer.

During the current period, there were no transfers within the fair value hierarchy.

22. Approval of interim financial statements

These interim financial statements were authorised to issue by the Company's Board of Directors on 12 August 2019.
